Cultural Programme

Ethnographic open-air museum "Khohlovka"

Architectural and ethnographic museum "Khokhlovka» was founded in 1969.

The examples of wooden architecture created by the peoples of the River Kama region have been assembled on a picturesque peninsula in the Kama Sea 40 kilometres from the city of Perm near the village of Khokhlovka.

23 unique buildings in this open-air museum date from the end of the 17th century through to the first half of the 20th. They represent the finest work of the building and artistic traditions of the region, in particular the mastery of the virtuoso carpenters and wood-carvers.

Kungur Ice Cave

- Kungur ice cave's visitors will be able not only to follow the tourist path, but to visit isolated recluse house as well. Since ancient times the cave has been a sacred place - a special area was reserved for retirement and prayers. The building has been in ruins until recently. Now tourists are able to see this unique facility again.
