

## Personality and individual differences

<b>Unit Title</b>	<b>Personality and individual differences</b>		
<b>Level of Study</b>			
<b>Credit Value</b>		<b>ECTS Value</b>	
<b>Home Department</b>	General and Clinical Psychology		
<b>Home Faculty</b>	Faculty of Philosophy and Sociology		
<b>Unit Co-ordinator</b>	Kornienko D.S.		
<b>Key Words</b>	Personality, intelligence, Development, Applied psychological research		
<b>Brief Summary</b>	This course introduces students to current research, theories, and methods of individual differences in personality, intelligence, and development. This area looks at what makes each individual distinct from others. It tries to answer questions on why each person turns out the way he/she does. The course also looks at methods with which psychologists assess intelligence and personality.
